

# WANTED: Weather Observer

The National Weather Service in Wichita, Kansas is looking for a Weather Observer within 5 miles of the Barnard Area in Lincoln County, Kansas. This person will be responsible for providing a daily report of 24 hour precipitation. Even though this is a volunteer position, we will be supplying you with a high quality rain gauge which we will set up. The observation should not take up more than 5 minutes of your time and will maintain weather records for Barnard that have been in place since 1948.

If you have an interest or need more information

E:mail [Leon.Wasinger@noaa.gov](mailto:Leon.Wasinger@noaa.gov) with your Name and Phone Number

Thanks!

Leon Wasinger
